Dates	Resurfaced – June 2010	Originally Built - 1990
Specialist Builder	S & C Slatter Ltd	
Refurbishment Cost	£225,000 + VAT	
Point of Interest	<p>The original construction was installed in 1990. The project was to replace the old sand filled tufted surface and replaced with VHAF® NottsSward multi purpose synthetic grass. The original Rolled Welded Mesh perimeter fencing was replaced with a new Rigid Panel System.</p> <p>The original base construction was a Dynamic Lava Stone/Rubber mix. As the pitch had reached the end of its lifespan there were noticeable deviations. Due to the specialist nature of the dynamic base, Notts Sport were able to use their experience in this field to return the pitch to its original levels.</p>
